OFFICE OF THE 4508

From

The Superintendent, Govt. Printing in Mysore.

To

The Secretary to the Govt. of Mysore

General and Revenue Depts.

Dated 26th November 96.

Despatched

Received

General No. 398

No.

Serial No. 1

Enclosure No.

Subject.

Proposing certain erections and improvements to the present Press building.

Sir,

I have the honor to state that a new building has been found necessary for the Mysore Press and that the Committee appointed to report on the matter have recommended that the building shown in the accompanying plan may be erected for the above purpose at a cost of Rs. 30,000.

2. As the additions and alterations proposed will necessitate the temporary removal of the Machinery and Presses now in the building, I would suggest that the Committee be requested to visit the Press and report whether the proposed alterations can be carried out without interfering with the working of the Press.

I have the honor to be,
Sir,
Your most obedient servant,
[illegible]
Superintendent
1-12-96

Govt. Printing in Mysore.

See these notes to the sketch, such as the figures relating to the new engine

Please see the plan of the building from Mr. Dew. C

30-11-96

Called to-day who may perhaps wish to make a personal inspection of the building before forming an opinion on the proposals made by the Press. C

1-12-96

I saw Mr. Place a few days ago. A new building has been found necessary for the Mysore Press. It seems there is much overcrowding. Col. Waters may be asked to inspect the present building with Mr. Sparks. Engineers may be able to suggest a re-arrangement

GOVERNMENT, MYSORE
4508
No. 1271

From

The Supt. Govt. Printing at Mysore

G. P.

To

No. 1-96

The Secretary to the Govt. of Mysore
General and Revenue Departments.

Sir,

I have the honor to bring to your notice the present very limited accommodation for the Press, Drying, Binding, etc. and beg to propose the erection of a New Building for the Drying establishment, which at present is mixed up with the Binders and who in their turn are mixed up with the Printing presses. These Departments should be kept entirely separate from one another, as the ingress and egress from them must necessarily interfere with each other. Again another necessity is the fact that the proposal to erect the new oil engine on the place where some of the hand presses now stand and which it will be necessary

to

to keep for minor work, will necessitate ac=
=commodation for these hand presses else=
=where and which I would propose putting
on the space now occupied by the Binders.
I would propose to place the new building
on the vacant ground between the Stationery
Depôt and the Press and to build an upper
story for the use of the Manager who at present
occupies a small room in the press building
and which might be utilized as an extra
confidential room, which is very much required.

I have the honor to be
Sir,
Your most obedient Servant,

H H Sparks
Superintendent
Govt. Printing in Mysore

To

The Secretary to the
Government of Mysore
General and Revenue Departments.

SIR,

In reply to your letter No. 6402 Dis: 1207 of the 5th instant, I have the honor to inform you that I inspected the Government Press building on the 5th idem in Company with Mr. Sparkes, the Executive Engineer, and the P. W. Range Officer, Mr. Steele. So far as I could judge, during non-working hours, from the way the floors are covered with tables, presses, machines, and all the paraphernalia of a Printing Establishment, I could not but accept Mr. Sparkes' assurance that the rooms are terribly overcrowded, notwithstanding the considerable additions erected a year ago.

II. Considerable extra space is clearly necessary, and after discussing different ways

ways of providing it, I arrived
clusion that the best plan
a top storey over the whole of
block - This will afford
accommodation that can
wanted for many years to
will, if neatly designed, in no
pearance of this Government
This will probably cost Rs.
but it will be money well sp

ways of providing it, I arrived at the Con-
clusion that the best plan is to build
a top Story over the whole of the front
block - This will afford all the extra
accommodation that can possibly be
wanted for many years to come, and
will, if nicely designed, improve the Ap
-pearance of this Government building
This will probably cost Rs. 12,000 or so,
but it will be money well spent. —

I have the honor to be,

Sir,

Your most Obedient Servant.

C. Unwin. Colonel.

Chief Engineer of Mysore. —
